## award winning chili

We make our own chili using a top secret, slow-cook method. Our spices are fully absorbed into the ingredients and become a part of the chili, rather than an afterthought. Try our vegetarian version, served as a special, or the traditional beef chili, both equally full flavored and topped with tortilla chips, grated cheddar cheese and chopped scallions.

**CUP \$4.50 / BOWL \$5.75**

## soup

Every day we have three or more homemade soups with the freshest ingredients available: seasonal soups, cold fruit and vegetable soups in the warmer months, and thick, hearty soups to warm you up when the thermometer plunges. Many of the soups served here are homemade, some are not, but all of them have our personal touch. In many cases you may not be able to tell the difference. If you wish to know which is which, just ask us.

**CUP \$3.50 / BOWL \$4.50**
